OPS  OBJECTS

size guide

Print this document on A4 paper and set up printing on "Actual Size" (100%). Verify that the dimensions are correct by measuring the segment below: it must be exactly 3cm long.

Take a ring that you usually wear on your chosen finger and place it on the circles on the next page. The circle corresponding to the circumference of your ring represents the correct size.

advice!

If you have doubts between two sizes, choose the larger one!
